PRODUCT | STRATEGY & OPERATIONS | PARTNERSHIPS

Product and Strategy professional with 8+ years for building solutions, ecosystems and tech-enabled platforms for the purpose of gender equality and poverty allevation. Have worked on partnerships, and 0-1 products across startups and founder-led social ventures. **Founded and led a workplace misconduct data and insights platform** from user research and product discovery through MVP launch. Closed a $6M government partnership and designed revenue and operating systems generating $400K annually.
Combines innovation, systems thinking, tech, user research, stakeholder management, and cross-functional execution to translate ambiguous problems into scalable products and workflows for sustainable social impact.

PROFESSIONAL EXPERIENCE

GTM Consultant — Jan 2025 - Present

The*Spark Forum | Creating alignment between govt, market and civil society for impact at scale | Bengaluru

- Conceptualised two editions of charcha; a 3-day convening with 2,000+ delegates and 200+ national and international speakers working with non-profits to create scaleable impact across world.
  - Built revenue architecture generating $400K, leading to 70% subsidised tickets for democratising access to the non-profit and impact aligned stakeholders.
  - Supported onboarding of 50+ co-hosts across markets (Meta, LinkedIn), global foundations (Generation, Gates Foundation), and Indian ministries (MoSJE, MoRD)
  - Conceptualised charcha '26's AI experiential zone, driving vision, spatial design, and partnerships with 11 AI solution provider working at grassroots for improved outcomes in health, agri, finance, and education.
  - Led branding and marketing for two editions of charcha, along with designing insights reports (2025 | 2024) for knowledge dessimination and replicability of impactful solutions.
- Contributed to programming for 2 convenings, on effective usage of tech to implement policy in the remotest areas with the ministeries, and use of AI for delivering impact at scale by social entrepreneurs with Meta.
- Developed 2 new convening formats for enabling inclusive conversations across stakeholders from various socio-economic backgrounds, for in-depth solutioning.

Product Marketing Consultant — Nov 2025 - Feb 2026

Flow Global | UK based cross border fintech serving in Africa | Remote

- Developed reporting that translates customer and operating data into structured insight for institutional stakeholders, for a cross-border payments platform operating across 6 African markets.
- Analysed 15,000 small businesses to connect product usage, business performance and impact outcomes, informing product and commercial decisions.
- Designed the release strategy and collateral for the platform's reporting and impact communications.

Founder & Product Manager — May 2024 - Dec 2025

Unmute | A tech and data platform to infer patterns of gender bias and harassment across India

- Launched a 0-1 workplace misconduct data platform MVP, converting anonymous user experiences of workplace harassment and gender bias into structured behavioural insights and live reporting.
  - Defined product scope, and user flows with branching conditional logic, and anonymisation at the data layer.
  - Designed the live report data product, including metrics, visualisation strategy, and aggregation logic
  - Designed product analytics to identify and fix funnel friction points through UTM channel attribution.
- Built trauma-informed UX, website, and product interface, including an embedded grounding exercise rooted in survivor psychology, and launched two social media channels (LinkedIn & Instagram) for outreach.
- Launched LinkedIn and Insta pages for outreach and awareness, recieved 29 cases from the campaign.
- Conducted FGDs & 50+ user interviews of HRs, CXOs, lawyers, and survivors for scoping the product need

Senior Associate → Associate Manager — Mar 2022 - Apr 2024

The/Nudge Institute | Centre for Social Innovation, SPV with NITI Aayog's AIM | Bengaluru

- Closed a $6M partnership with the government for an entrepreneurship program. Led commercial negotiations, deal structuring, and end-to-end program design. Additionally, supported fundraising of $1M from global donors.
- Built compliance and audit systems across 10 disbursement cycles, standardizing future program execution.
- Designed and deployed a customised selection app, reducing operational workload by 70% for 2 members.
- Automated impact data collection with live dashboards, increasing monitoring efficiency by 80%.
- Authored and designed a book profiling 100+ Indian social entrepreneurs, used by CXOs as a GTM collateral.
- Led outreach and 3 cohort selection cycles processing 600+ applications across a 5-stage process.

Program Associate → Fundraising Lead **Apr 2018 - Dec 2021**

Uravu | Sustainability-focused product and livelihoods organisation | Wayanad, Kerala

- Built R&D, operations, finance, and legal frameworks for a new circular-economy product division.
- Raised $40K for a rural livelihoods program, generating 10,000+ workdays, and ran crowdfunding campaigns for SHG women in Wayanad, Kerala
- Authored and designed annual reports and donor collateral, strengthening fundraising & GTM readiness by 50%
- Developed operational and HR policies for Uravu, strengthening execution readiness by 30%.

EDUCATION & CERTIFICATIONS

- Trauma Informed Design, Global Fellowship (5% selection rate) **Parity Lab, 2025**
- Impact Accelerator **Build-3, 2024**
- Demand Creation: Launching and Growing Your Product **Stanford Online, 2024**
- M.A Social Entrepreneurship **TISS, Mumbai, 2016-18**
- Bachelors in Business Administration **IIS university, 2013-16**

Ayushi Bhati

+91 8291092295 | ayushibhati1@gmail.com

Founder and operator with 8+ years building ventures from inception and working alongside founders across India's startup and social innovation ecosystem. Founded Unmute solo, from idea to a live 0-1 data platform. Led operations of a national early-stage incubator and accelerator, sourcing and selecting founders through a multi-stage diligence process and backing them through build and capital. Architected the commercial model for India's leading cross-sector convening generating $300K annually, and closed a $6M government partnership. Commercially grounded, comfortable building real systems with no oversight.

PROFESSIONAL EXPERIENCE

Programming and Growth Lead (Contract) **Jan 2025 - Present**

The*Spark Forum | India's leading cross-sector platform for livelihoods | Bengaluru

- Built the commercial model for two editions of Charcha, India's largest cross-sector founder and livelihoods convening, owning P&L and generating $300K+ annually.
- Brought founders, government, capital and ecosystem players onto one platform, onboarding 25+ co-hosts across Meta, LinkedIn and global foundations and owning those relationships end to end.
- Ran origination and outreach for a 2000+ delegate convening, increasing registrations by 15 percent.

Product Marketing (Contract) **Nov 2025 - Present**

Flow Global | UK based cross border fintech serving in Africa | Remote

- Analysed 15,000 small businesses across 6 African markets, connecting product usage, business performance and outcomes, sharpening judgment on what makes early-stage businesses work.
- Developed institutional reporting that turns raw operating data into investment-grade insight for a cross-border payments venture.

Founder **May 2024 - Aug 2025**

Unmute | A tech and data platform to infer patterns of gender bias and harassment across India

- Launched a 0-1 workplace misconduct data platform MVP, converting anonymous user experiences of workplace harassment and gender bias into structured behavioural insights and live reporting.
- Defined product scope, and user flows with branching conditional logic, and anonymisation at the data layer.
- Designed the live report data product, including metrics, visualisation strategy, and aggregation logic
- Designed product analytics to identify and fix funnel friction points through UTM channel attribution.
- Built trauma-informed UX, website, and product interface, including an embedded grounding exercise rooted in survivor psychology, and launched two social media channels (LinkedIn & Instagram) for outreach.
- Conducted FGDs and 50+ user interviews of HRs, CXOs, lawyers, and survivors for scoping the product need.

Senior Associate → Associate Manager (Product Ops) **Mar 2022 - Apr 2024**

The Nudge Institute | Centre for Social Innovation, SPJ with IIM Ahmedabad & IIM | Bengaluru

- Ran sourcing and selection for a national early-stage incubator, screening 600+ founders across three cohorts and a five-stage process to final committee.
- Ran 10 disbursement cycles with zero errors and supported founders on operations, compliance and momentum.
- Structured, architected, and closed a $6M government partnership to fund early-stage founders, leading negotiation, deal structuring and program design, and supported $1M of further capital.
- Shipped 2 platforms, a selection app that cut operational workload by 70%, and a live dashboard that raised monitoring efficiency by 80%.
- Authored a book profiling 100+ Indian founders, used as ecosystem and network-building collateral.

Program Associate → Fundraising **May 2018 - Feb 2022**

Uravu | Sustainability-focused product and livelihoods organisation | Wayanad

- Built R&D, operations, finance, and legal frameworks for a new circular-economy product division.
- Raised $40K for a rural livelihoods program generating 10,000+ workdays and authored the organisation's annual reports and donor collateral.
