- **New product development (NPD)** in process and packaging with collaboration of R & D department.
- Do FAT and SAT in installation and commissioning of machine and work with OEMs and concerned Stakeholders.
- Ensure safe working conditions and compliance with **EHS (Environment, Health, and Safety)** standards.
- Implement risk assessments, hazard control measures, and emergency preparedness plans. Conduct Yearly HIRA Review.

🛠 SKILLS & TOOLS

• Lean six Sigma Black Blet

• Production Planning & Control

• Operation excellence

• TPM (Total preventive maintenance)

• SAP – Production & Inventory

• Maintenance Planning (Preventive/Breakdown/Demand /Shutdown)

• Continuous Improvement & Kaizen Projects.

• Documentation & Audit Preparedness

• Excel Reporting & Power BI

• Team Leadership & Collaboration

☑ PROJECT HIGHLIGHTS

- **Greenfield Project (Coca-Cola)**: Collaborated with OEMs (KHS & SACMI) for seamless Installation & commissioning of bottling line and 90% SLE achievement.
- **UPL QCC Project**: Implemented ingredient sequence optimization to achieve 100% FTR and 18% reduction in batch cycle time.
- **Waste Reduction (McCain)**: Reduced French fries waste by 80% from dryer machine.
- **Line Optimization (Britannia)**: Boosted Marigold line output from 14T/shift to 16T/shift.
- **Machine safeguarding (Britannia)**: 100% safety guards installed in bourbon line machines to achieve 0 safety incidents.
- **Smart Manufacturing (Abbott):** Reduce weighing and dispensing time of RM by 20% with help of SAP automated consumption Technology.

ACADEMIC DETAILS

B.E. Mechanical Engineering
Amiraj College of Engineering and Technology (GTU), 2021
CGPA: 8.38

Diploma in Mechanical Engineering
Shri KJ Polytechnic Bharuch (GTU), 2017
CGPA: 8.7

SSC (10th Standard)
GSEB, 2014
Percentage: 79.62%

AWARDS & RECOGNITION

- Performer of the Month (Audit Leadership)
- Best Kaizen Award
- Best QCC Project
- Best GMP Area (Twice)
- Highest Number of Kaizens
- Highest Monthly production
- Best Monthly Line efficiency

Declaration

I hereby declare that the above-mentioned information is correct up to my knowledge.
