Hicham AGOUZZAL

+1 (202) 937-8256 | hagouzzal@ifc.org | Riyadh, KSA

Education

EDHEC BUSINESS SCHOOL — **Lille, France**
Master's in Management, GPA: 4.0/4.0 — 2017-2021

- **Texas A&M University, U.S.A** – Exchange Program, Spring Semester 2021
- **University of Mannheim, Germany** – Exchange Program, *Spring Semester 2018*

SORBONNE UNIVERSITÉ — **Paris, France**
Bachelor's in Mathematics — 2015-2017

Professional Experience

International Finance Corporation — **Riyadh, KSA**
Associate Investment Officer – MCA INR (2024 & 2025 Departmental Award) — Feb 24 -Today *(2.5 years)*

- Served as Transaction Lead and core team member on debt and equity transactions across TMT and infrastructure — covering structuring, client negotiations, financial modeling, due diligence, syndication, and IRM preparation.
- Originated and advanced new business across the region, from first client contact through management endorsement and concept, working closely with Knowledge Bank colleagues, including on innovative solutions at the convergence of energy and digital infrastructure (e.g., power-to-compute).
- Led upstream engagements as Project Lead through delivery and conversion into mainstream transactions, coordinating internal teams, external consultants and client counterparts.
- Developed region-specific upstream approaches and shared best practice across the team through presentations and team sessions, building wider understanding of upstream-to-mainstream conversion and TMT opportunities.
- Collaborated across the WBG — Knowledge Bank, IBRD and MIGA — to bring the full institutional platform to client opportunities and combine public and private sector perspectives on digital infrastructure development.
- Represented IFC as a speaker at TMT industry conferences, including DCD MENA 2025 and Connected World KSA 2024, strengthening IFC's sector visibility, engaging industry stakeholders, and generating new leads.
- Acted as IFC's infrastructure focal point for Saudi Arabia, originating and advancing multiple leads, including in digital infrastructure, while building and strengthening senior-level client relationships.

Investment Analyst – Global Metals & Mining (2022 & 2023 Departmental Award) — **Washington DC, USA** — Sep 21-Jan 24 *(2.5 years)*

- Supported execution of multi-billion-dollar financings in mining across Latin America, Africa, and Asia, with responsibilities spanning financial modeling, due diligence, and investment committee preparation.
- Contributed to business development activities by preparing 20+ client strategies and generating new leads through pitches, conferences, and mappings.
- Supported portfolio monitoring for a large gold mining project, preparing risk assessments, waiver processing, performance reporting, and client negotiation.

Other Experiences

Themis Energy (Denham Capital) – Investment Analyst – Casablanca, Morocco (2020-2021)

- Supported development of hydropower and solar projects across Sub-Saharan Africa ($200m–$900m), contributing to structuring, due diligence, and investment committee materials.

Quilvest Capital Partners – Private Equity Analyst – Paris, France (2020)

- Analyzed and executed European mid-cap buyouts across telecoms and insurance, including closed LBO of Bretagne Télécom.

Torch Partners – M&A Analyst – Paris, France (2019)

- Supported origination and execution of TMT transactions, including $18.5m sale of Clustree to Cornerstone OnDemand.

Leadership Experience

- ***University Guest Speaker****: Taught a class on Climate Finance at EDHEC Business School in 2023 and 2024*
- ***IFC YPN****: Volunteered to support and advise skilled refugees and other displaced people in the DMV area*
- **UN Volunteer**: Participated in two educational and social projects in Morocco
