EXPERIENCE

Senior Project Coordinator | *Foundation Marketing*

Jan 2026 – Present

- Manage 9 concurrent client projects, overseeing timelines, priorities, deliverables, dependencies, and resources to ensure consistent and timely execution.
- Drive client communication and cross-functional coordination across content, strategy, creative, and account teams, translating requirements into actionable plans and proactively unblocking projects.
- Monitor scope, project dependencies, and delivery risks, using proactive risk prevention and scope tracking to identify issues early and maintain project continuity.
- Drive AI-powered process improvements and workflow automation, developing Super Agents and Claude skills that have eliminated approximately 513 hours of manual work and streamlined recurring operational processes.

Senior Quality Analyst (Lead) | *Invisible Technologies*

May 2024 – Dec 2025

- Led enablement and operational execution across multiple AI/ML model-training campaigns, onboarding and supporting 50+ remote contributors across time zones through scalable workflows, documentation, and training.
- Led a team of 6 Quality Analysts, overseeing QA initiatives, project scope, support frameworks, and implementation plans to strengthen operational efficiency and alignment.
- Developed change-management resources and Slack workflows that reduced misalignment-related errors by 25%, improving adoption of updated project requirements.
- Facilitated training sessions, weekly syncs, and office hours while partnering with stakeholders to identify and resolve project and client pain points.

Artificial Intelligence Quality Analyst | *Invisible Technologies*

Aug 2023 – May 2024

- Monitored performance across AI/ML training projects, identifying quality trends and gaps and translating findings into process improvements.
- Produced analytical reports on model behavior and performance to inform documentation, training, and project improvements.

Advanced Artificial Intelligence Data Trainer | *Invisible Technologies*

Jan 2023 – Jul 2023

- Applied specialized training methodologies to improve the performance of large language models across diverse tasks and use cases.

Customer Success Knowledge Specialist | *InEvent*
Jun 2021 – Oct 2023

- Built and managed a multilingual knowledge base from the ground up, contributing to a 40% reduction in repetitive support tickets during the first six months.
- Partnered with Product and Support teams to publish 100+ articles and tutorials, achieving an average helpfulness rating of 4.7/5.
- Established a content audit and governance system that reduced outdated and redundant documentation by 65%.
- Implemented analytics tracking that increased the self-service success rate by 33% quarter over quarter.

Commercial Analyst Intern | *Southern Copper Corporation*
Oct 2019 – Mar 2020

- Coordinated client communications and account management for assigned commercial accounts.
- Prepared pro forma invoices and export contracts, coordinating commercial, legal, and financial information.

Management & Commerce Assistant | *Centro Nacional de Servicios*
Feb 2019 – Jun 2019

- Developed documentation covering procedures, policies, cross-department workflows, and internal systems to streamline operations and reduce repetitive tasks.

LEADERSHIP & COMMUNITY EXPERIENCE

Founder & Lead | *Women in AI Perú*
Aug 2025 – Present

- Founded and lead a community initiative expanding access to AI education and professional development for women in Peru, growing the community to 1,000+ women interested in AI and doubling the volunteer team.
- Build and oversee programming, partnerships, and community operations, delivering 50+ virtual events and 3 in-person events reaching 200+ attendees, with 20+ AI professionals serving as speakers.
- Established 6 partnerships and collaborations with universities, organizations, and technology communities, while developing educational programming that has engaged 300+ participants.

Consultant | *Global Village for Future Leaders – Lehigh University*
Bethlehem, Pennsylvania, USA | Jul 2019

- Collaborated in a multidisciplinary team of five professionals to develop solutions for inclusive economic development in Bethlehem through qualitative and quantitative research, situational analysis, and client presentations.
