PROFESSIONAL EXPERIENCE

BHARAT SILKS EXPORT HOUSE — Bengaluru, India **Apr 2026 – Present**

Head Designer

- Lead design and product development of **men's woven and denim shirts** for **Celio (France)** and **Levi Strauss & Co.** (USA), plus **Pepe Jeans**, including a Levi's **organic-cotton range traced from seed to finished fabric**
- Drive a Levi's **low-water denim programme**, replacing chemical washes with laser finishing and developing cotton-hemp and recycled-fibre ranges
- Built the sourcing base from day one: set up **trend-led China fabric and factory sourcing**, replicating the model developed at PDS, and designed the **Levi's co-creation strategy**, bringing **eight new Indian mills** (incl. Raymond) into a Levi's seasonal range
- Leading the move to **3D digital sampling** (CLO 3D, Browzwear), **aiming to halve physical samples by 2027**

PDS LIMITED (global sourcing and buying house) — Gurgaon, India & Guangzhou, China **Dec 2024 – Mar 2026**

Design Manager

- Led a **12-person design team** on **men's, women's and kids' tops and dresses in wovens and knits**, coordinating development **simultaneously across India, China and Bangladesh** (six factories) for European and UK retailers (Inditex/Zara, BESTSELLER, LPP, ONLY, Next, Matalan, George, Primark, Sainsbury's); based in **Guangzhou for three-to-four-month seasonal cycles**
- Owned end-to-end development and costing for **BESTSELLER and LPP**, converting designs into **71,000+ pieces** of orders (ONLY: five orders, 35,000 pieces; LPP/Reserved women's tops: 36,000), plus 15 orders for U.S. Polo Assn. and Peter England; presented collections directly to buyers in **Denmark, the Netherlands and the UK**
- Moved **50% of the seasonal range to digital presentation** (CLO 3D, Adobe, Figma); built the remaining physical samples from recycled materials
- Initiated two sustainability-tech pilots: **GreenScan**, a blockchain-ready **Digital Product Passport** prototype (QR garment IDs for supply-chain traceability under upcoming EU Digital Product Passport rules), and **Re-NuWASTE**, a closed-loop project turning cutting waste into recycled-yarn garments

SHAHI EXPORTS PVT. LTD. — Bengaluru, India · *India's largest apparel exporter* **Sep 2015 – Oct 2024**

Design Manager

Key accounts: Kohl's, A&F, Hollister, Calvin Klein, Tommy Hilfiger, Ralph Lauren, H&M, Zara, M&S, Primark, Sainsbury's, Columbia
Promoted six times in nine years: Junior Trainee → Junior Designer (2016) → Designer (2018) → Senior Designer (2019) → Assistant Manager (2021) → Manager (2023) → Design Manager (2024)

- **Built the Kohl's design programme** from 2016 across all sub-brands, focused on **women's, girls' and teen bottoms and outerwear** in denim and wovens; led **six designers**, presented directly to US buyers every three to four months, and helped make **Kohl's women's a key Shahi revenue driver**
- Turned **120 new designs into 100 buyer shortlists and 60 styles ordered in volume** for A&F and Kohl's under 30-day fabric and 60-day store-ready deadlines, generating **₹12 crore+ (~€1.2M+)** at high margin; both became **top-five profit accounts** within a year
- Led **sustainable denim collections** for Kohl's, H&M, Zara and Tommy Hilfiger with Jeanologia **laser finishing** in place of chemical-heavy washes, at **no extra cost to the buyer**; the **low-impact (EIM green) H&M range** won **100,000+ pieces**, Shahi's largest H&M order to date, and Shahi made sustainable washes **standard for all new denim**
- **Garment-dyeing (overdye) specialist** for Kohl's wovens (reactive, sulphur, mineral, waterless dyes); commercialised a **mineral-dye collection for Calvin Klein (2023, still in retail)**, introduced **pigment coating to replace water-heavy overdye**, and developed **faux-leather and faux-suede outerwear** (incl. biker jackets) for Abercrombie & Fitch and Hollister
- Introduced **3D digital product development (CLO 3D, 2021)** for Kohl's and A&F, moving presentations to digital and cutting sampling cost
